Ages 16 & under

PRE-COLLEGE BALLET PROGRAM

The Pre-College Ballet Program places children in classes on the basis of their level of experience and ability. Although age is a consideration, ages are given only to provide a rough guide as to placement. The program maintains affiliation with the American Academy of Ballet and provides Performance Awards consisting of twelve levels. The American Academy of Ballet Performance Awards gives students the opportunity to perform on stage with a structured curriculum without the necessity of costumes and elaborate productions. For the adjudication the instructor will determine the level of performance that is deemed most appropriate for the student. Participation is encouraged but is not mandatory and a small fee will be collected for participants. An adjudicator from the American Academy of Ballet judges the performance and awards medals to the dancers based on their achievement. In addition to the monthly class fee, an annual fee of \$25 will be collected and used for program supportive expenses with September being the beginning renewal month. Each class level has a specific uniform. The instructor, following class placement, will provide uniform information. Parents will be given the opportunity to observe classes at specified times during the year.

Keep your employees from injury and your business compliant with OSHA standards by training forklift operators in the safe and proper handling of lift trucks. A training seminar lasting approximately 3-4 hours consists of: (1) an up-to-date safety video complete with handbooks, (2) a review of each section covered in the handbook, (3) a written test and (4) an actual hands-on demonstration conducted on-site at your location. All employees completing the seminar will receive a certificate and operator's license. Contact Training for Business and Industry at (205) 391-2434 to schedule a training session for your company.

FOCUSED INDUSTRY TRAINING (FIT)

The FIT program has been developed in response to the need to supply an ongoing worker pool to new and expanding industry as well as to respond to the need to back fill entry-level positions that have been vacated through technical training. FIT training will be offered in 10 sites and will be available in the following counties: Tuscaloosa, Pickens, Fayette, Bibb, Hale, Green, Sumter, and Marengo.

The FIT program is designed to provide basic skills to entry-level workers at all levels. Targeted instruction includes skill training in Computer Literacy, Reading, Applied Mathematics, Applied Technology, Locating Information, Observation and Teamwork. Workplace Essentials includes sessions on the following topics: Work Ethics, Critical Thinking Skills, Diversity, Sexual Harassment, Workplace Violence, and Workplace Safety. Training also includes basic manufacturing concepts including precision measurement, principles of Quality Manufacturing, and Lean Manufacturing, with additional skill training added as identified by local business and industry as necessary for entry level jobs within their companies. The 400 hour training will be provided in some areas as an evening class and does not require a high school diploma or GED and will allow trainees maximum flexibility in attaining required competency levels. After acquisition of all required skill competencies and completion of classroom time, trainees will receive documentation from Shelton State Community College as a "Certified Alabama Worker." Completers will receive continued support through job placement and continued career progression and ongoing training opportunities.
